by Professor Jean-René Roy
7:00pm at UH Hilo
Science & Technology Bldg.
Room 108

Call (808) 933-3210 or e-mail
rpm33@hawaii.edu for more information.

UNIVERSITY
of HAWAII®
HILO

Sponsored by the UH Hilo
Department of Physics and Astronomy

Jean-René Roy (former director of Gemini Observatory) is currently a professor at the Department of Physics, Engineering Physics and Optics of Laval University in Quebec City, Canada.

Join him on a fascinating journey as he reconstructs the discovery of galaxies and the realization that our own Milky Way galaxy is an "island universe"...
